

Parking Update # 10

August 24, 2010

To our Veteran patients and visitors,

In this update, I'm pleased to announce a significant improvement concerning parking at our facility.

Construction on the new 450-space parking deck will be complete Tuesday, Sept. 21, 2010. Effective that same day, you will be able to park in either the new deck or the large deck that was previously reserved for employees.

Now Veteran patients and visitors will have full access to all of our 1,500 parking spaces, except for the small part-time provider deck (Deck D) reserved for clinicians who require quick access to parking in order to provide you timely care.

As another option, patients and visitors are reminded to take advantage of free off-site parking at 3065 Briarcliff Road with complimentary shuttle service to and from the facility. This alternative alleviates the wait times in the valet area.

Moreover, the new 500-space parking deck, scheduled for design and construction in front of medical center later this year, is moving forward as planned.

Thank you again for your patience and understanding. As we continue to develop and implement new parking and transportation solutions, we pledge to keep you informed throughout the process.

Sincerely,

A handwritten signature in black ink, appearing to read "James A. Clark".

James A Clark, MPA, Director, Atlanta VA Medical Center
